Revised: Aug 16, 2026

CAMPBELL RIVER SKATING CLUB

FALL 2026 POWERSKATE TRAINING SCHEDULE: SEP 15 - DEC 17

CLASS INFO

Junior PowerSkate

The Junior PowerSkate program is designed to focus on the development of basic skill sets divided into three fundamental areas: Balance, Control and Agility. Recognizing that skating is a foundational skill for hockey and ringette, this program allows for the opportunity to honeskating outside of the game or practice. Teaching and developing the proper skating technique is the main focus of this program. Players work through 3 assessment levels prior to advancing on to the Senior PowerSkate program.

Senior PowerSkate

Building on foundational skating skills learned in the Junior PowerSkate program, players work through mastery of complex transitions. Players work through 4 additional assessment levels. Following successful completion of all PowerSkate levels, players are encouraged to continue participating to further advance their skills through added challenges that are presented to them during the duration of each term.
